🏠 Vijayawada, AP

Aspiring Web Developer

Passionate about full-stack web development with a strong desire to build innovative and efficient digital solutions. Currently honing my skills in front-end and back-end technologies while working on real-world projects. Eager to apply my knowledge in a professional setting and actively seeking an internship opportunity to gain hands-on experience and contribute to a dynamic development team.

Projects

- **Portfolio**-Built Using HTML, CSS
- **Facebook Interface**-Built Using HTML, CSS, JavaScript
- **Credential Details interface**- Built Using HTML, CSS, JavaScript
- **Rock-Paper-Scissors Game**- Built Using HTML, CSS, JavaScript
- **E-Learning Platform**

Developing the Ultimate Smart Study Planner for VR Siddhartha University!

Students at VR Siddhartha University often face the stress of unstructured study plans, last-minute cramming, and uncertainty about what to focus on before exams. Generic study apps don't align with the university's syllabus, past question papers, or exam patterns, making preparation inefficient and overwhelming.
